

her husband to Rochester, Minn., there to undergo an operation for appendicitis. It is the sincere wish of all their many friends, for a speedy recovery and a return to good health, for Mrs. Shanblum.

The benefit dance which the S. O. F. Club gave at the Hebrew Institute for the War Sufferers, was a grand success from start to finish. The ball room of the Hebrew Institute was crowded, and a good time was had by all present. \$185.00 was cleared by the Club at this dance, \$150.00 of which was turned over to Mr. L. F. Shanblum, chairman of the War Sufferers' Committee, and the balance of the money, was put in reserve by the Club to be disbursed at different times to the charity movements that come up from time to time. The S. O. F. Club desires to take this method of thanking everyone for their hearty support in making this affair a success.

Miss Jennie Coplin entertained the S. O. F. Club at her home on North Henderson Street, Sunday, October 19. At the business meeting, it was decided to give a dance at the Hebrew Institute on Sunday, November 9, and many other new features were discussed. Bunco was played the remainder of the afternoon, in which game Miss Regina Kahn won the high score, and Miss Leona Cohen received the consolation. A dainty salad course was served at the conclusion of the game to the following:

Misses Regina Kahn, Evalyn Goldstein, Ida Wolfson, Leona Cohen, Lillian Simon, Katie and Mary Cohn, Bernice Dan, Bluma and Esther Weber, Annabel Lesser, Anna Hurwitz, Jennette Ginsburg, Ida Greinis, Estelle Shanblum and Gertrude Greenstein of Dallas.

The next meeting will be held Sunday, November 9, at the home of Miss Bernice Dan, 606 East First Street.

The Longhorn Drilling & Development Association owns and operates six strings of standard tools. Four of these strings of tools are on money contracts at \$6.00 per foot; two strings of these tools are working on our own leases and on fifty-fifty contracts. The demand for drilling tools is increasing daily. Leases in the proven fields MUST BE DRILLED and we are going to drill our part of them. With 120 acres northwest of Breckenridge surrounded by gushers and drilling wells and with 40 acres of the D. Earnest tract between Deadmona and Ranger, with a 30-million foot gas well which looks like a sure gusher and with 200 acres in Stevens County, Oklahoma, offsetting a drilling which also looks like a gusher, with all of the above holdings and contracts CAN WE FAIL? If not, then we will be paying big dividends in the very near future. Do you wish to share with us when our dividend checks are being written to shareholders? Will you allow us to mail you one of our large dividend returns on your small investment? THIS STOCK WILL PAY AND IF YOU WILL INVESTIGATE YOU WILL SAY SO. The time to buy is now just before it goes to \$3.00 per share. For further information write or wire Longhorn Drilling & Development Association, 409 Burton Bldg., Fort Worth, Texas.

THE ROUMANIAN MINISTER IN BUKOWINA IS AT GREAT PAINS TO SHOW THAT HE IS A FRIEND OF THE JEWS.—An Interview.

(By Leo Wolfson)

Dr. Nistor, the Roumanian Minister and Administrator for Bukowina, is himself not a Bukowinian. He is a Roumanian of the old regime; he has lived all his life in Roumania, and before he came to Cernowitz was a professor in the University of Yassi. After Bukowina voted for a union with Roumania, the well-known liberal, Dr. Flondor, who had several times represented Bukowina in the Austrian Parliament, governed the Bukowinians. However, Dr. Flondor was unable to agree with the Roumanian government about certain policies and he resigned. The government then appointed in his place Dr. Nistor—an outsider, and a person who is unacquainted with Bukowinian life.

Dr. Nistor received me most cordially. He had taken every means to make a favorable impression upon me. He expressed great regret at not having been able to receive me officially at the station, offered me the use of an automobile for the time I was to remain in Bukowina, invited me to visit the country, and in every way proffered me the "freedom of the state." During all the time I spent there, and thruout the trip which I later took in Eastern Galicia—a part which is occupied by Roumania—the civil and military administration always treated me with extraordinary courtesy. A friend of mine—the editor of a Roumanian Jewish paper in Yassi—who accompanied me on part of my trip, has the following interesting anecdote to relate of my visit to Cernowitz.
